## Belleville, Van Buren Defeat Recreation Levy

**BELLEVILLE** - Voters in both the City of Belleville and the Township of Van Buren defeated a one-mill proposal to finance year-round recreational programs in both communities.

The millage request was presented in a special election held jointly in both communities with the Nov. 5 general election. The millage proposition was initiated by the Van Buren Recreation Commission.

In Van Buren Township, where a record number of voters took to the polls (3,791 out of a registration of 5,039), the unofficial returns showed that the recreational levy was rejected by a vote of 2,296 to 833.

And in Belleville it was

turned down by a vote of 466 to 267. A total of 886 persons voted in the Nov. 5 election.

Recreational programs are currently financed by whatever the respective governmental units will provide, plus voluntary donations and cooperation of the Van Buren School System in the use of its facilities.

## U.S. Census to Check on Voting

BELLEVILLE — Census Bureau interviewers will ask about voter participation in the 1968 election during the Bureau's monthly survey of households here the week of Nov. 18, Director Robert A. Yerkey of the Bureau's regional office, Detroit has announced.

Surveyed householders will be asked if they were registered, if they voted, if they cast a vote for President, if something prevented them from voting in 1968, and if they voted in the 1964 Presidential election. No questions will be asked about party or candidates.

Answers will provide a statistical analysis of the voting habits of persons of voting age. The survey is similar to one made shortly after the 1964 general election. ## ROMULUS VOTERS

My family, Jeanette and Kevin, and myself wish to thank the voters of Romulus who supported me in my candidacy for Romulus Trustee.

Though I was disappointed at losing I was heartened by the support that I received and the many new friends that I made throughout the community.

I would also like to take this opportunity to congratulate Jimmie Raspberry, Roderick Smith and the successful Charter Commissioners.

Again, many thanks and God Bless You.

ONE JET PILOT COMING UP — The appeal of the open skies and flying through the heavens like a bird seems to have caught hold of this young eagle. Asked about his flight gear, the tiny future ace just remarked that he wore them for affect so everyone would just think he was one of the boys.

# Association Says Thanks

BELLEVILLE — The Huron Valley Conservation Association would like to thank all the voters for voting yes on Proposals 3 and 4. This will prove to be a great step in the correction of Michigan's water pollution problem and also to improve our recreational facilities.

The public must understand that because both Proposals were passed this does not end their responsibilities — far from it. It must be remembered that we ourselves can help in the future by putting our waste where it belongs.

For instance fishermen and boat owners can carry a container with them to put their cigarette butts, etc. in instead of just throwing them into the stream, river or lake.

We now have throw-away containers for just about everything. This does not mean that we are to just throw them out of a car, a boat, or where the situation arises, but to be put in proper containers to be picked up in the proper way.

Why waste our money. We have taken a big step to correct and improve our wonderful State of Michigan; let's not just throw it away too.

# A Free Press?

A free press is the safeguard of liberty. But, in recent years, government officials and the courts, on one pretext or another, have sought to control news. The theory is that news censorship will encourage fairer trials and increase national security.

Commenting on press censorship the Portland, Oregon, Journal says, "The (Judicial) Conference, which is the highest federal court rule-making body, has approved a new code that severely restricts press reporting of all criminal proceedings in federal courts."

The approval almost automatically assures adoption of additional news gags upon lawyers, prosecutors and court personnel by the 120 federal court judges sitting in this country.

Let us hope someday in the not too distant future it again becomes popular for courts to give as much consideration to the law-abiding citizen as they do to the lawbreaker — also that law enforcement and press freedom from official censorship remain the order of the day.

# A President's Final Days

For the big man from Texas, the days at the White House are running out. These are poignant moments for any outgoing president. Particularly is this true for prideful, sensitive Lyndon Johnson, with the opinion polls far down, with so much remaining of unfinished business.

But no man has been less of a "lame duck" President near the finish line than this restless, dynamic individual who, in one week, was halting the bombing of North Vietnam, re-energizing the peace talks at Paris, conferring about Moscow's intentions, and joining the last-minute campaign for Hubert Humphrey.

The prospective of history is going to deal more kindly with Mr. Johnson than the merciless hecklers of 1968, who because of Vietnam turned against the President who had pushed more social legislation through Congress than any of his 34 predecessors. Meanwhile Mr. Johnson is finding that peace of heart which derives from an inner conviction that one has striven manfully on matters that count the most.

\*\*\*

THE DEBITS of the Johnson tenure are clearly visible. He allowed a credibility gap to develop. He failed to educate, to carry public opinion with him. He tried to promise both guns and butter. His was an overly personalized presidency. And yet.

Some months ago LBJ declared to a close friend that what primarily concerned him was what his

grandchildren would think, and he believed they would be proud of two accomplishments: his labors on behalf of the blacks, and his determination to reach a responsible result in Southeast Asia. It is indeed possible that hindsight will approvingly assess these high efforts. Mr. Johnson, in moving on these fronts, has sought to move America forward in an increasingly challenging world — to come to grips with the massive issues of these times at home and abroad.

Now the President has the opportunity to work further toward Vietnam peace, before he rides up Pennsylvania Avenue to retirement on January 20. He can help smooth the difficult transition period lying ahead.

\*\*\*

HE HAS the prospect of selling his memoirs for something like \$1 million. He will be graduating to the role of elder statesman, and will do some lecturing and teaching, will enjoy the Texas ranch to the full.

Mr. Johnson had hoped to bow out on a wave of final achievement: Senate ratification of the nonproliferation treaty, peace progress at Paris, a surprise tour of the Soviet Union. He still wistfully hopes some final tour is salvageable — perhaps even to Moscow despite the Czech setback. But however that may develop, we believe that history will salvage a genuine appreciation for the presidency of Lyndon Baines Johnson.

# Letters to the Editor

To the Editor:

Today is Veteran's Day (Armistice) the Junior High School and one elementary school was called to see if a moment of silence was planned to commemorate today the 50th anniversary of the end of World War One, "the war to end all wars," supposedly.

Nothing was on the agenda. Flags were as scarce as hen's teeth in Belleville. I was taught Patriotism in school. In my estimation children should be taught Love of Country in school and when they grew to adulthood they would retain that proud feeling for their country.

Our once proud country is held in such low esteem by many nations on earth, our embassies are being stoned, our flags are being burnt, and we are losing face — why? Each day we really should be

grateful for the privilege of living in this, the most wonderful country on earth, perhaps who knows, even respect for law and order would just automatically follow.

America's real troubles do not lie in the rice paddies of Vietnam or with Russia, but in the playgrounds, villages, towns, and the slums of the cities, of this once proud Country.

Our young men are dying for ideals, which do not seem to mean very much to most Americans any more. Many stare down at their shoes while the national anthem is being played instead of standing at attention.

How many schools teach the children the words to the National Anthem, God Bless America, or America? Complacency cynicism,

indifference, disrespect for God and Country abound in this country, why?

If more people would have a different attitude and say "I am proud to be an American," "God Bless America", "This is my Country!" and be thankful they have the opportunity to live in this most wonderful country on earth.

What has happened to patriotism? What can we as individuals and citizens of our community do to change this outrageous apathy.

We could start by flying our flags all the time not just special days (which they don't even do then)

**THE COUNTRY STORE** - One of the most popular features of the Bazaar is the Country Store which the Mother's Club sponsors in one of the classrooms each year. Featured are homemade aprons, pot holders, towels, and boutique items as well as home-canned goods and garden produce. Wearing her frock of another era, Janice Lauth shows some of the merchandise to Mrs. Marie Deering, Mrs. Patrick Morent, Mrs. E. Rushlau, and George Deering.

**CHICKEN OR HAM** - The choice was given to each individual as he passed through the dinner line in the dining room of St. Anthony's School - the highlight of the annual bazaar. Over 500 meals were served by the Altar Society and ladies of the parish under the direction of Mrs. Lucille Remus. Our photographer captured just one of the many tables which were filled throughout the afternoon.

**BIG ROLE** - The Mens Club of St. Anthony's Parish played a big part in raising money for the Annual Bazaar from which proceeds are used for the church building fund. Their project this year was a raffle which awarded a trip for two to Florida and a week-end for two in Detroit. Shown as they sold tickets to Mrs. Michael Habel (right) are Glenn Lehman, Tom Hamlin, and Art Hill, (left to right), members of the organization.

The Van Buren Garden Club met at the nature hut at Lower Huron Metropolitan Park. Mr. Hopkins, the naturalist, was the guide. He showed members the different species of wildflowers, trees, and wild animals found in this area. He then took the members on a tour of the Paw Paw trail, explaining how, with the death of the elm tree, the Paw Paw trees had taken over.

Although the trees were in full bloom in the spring there was no fruit this fall. The trees were very showy in a golden brown.

Mr. Hopkins is a member of the Audubon Society and had members listen and then see a Myrtle Warbler. He also showed the Golden Finch in its winter colors; a variety of bird nests, (from the flimsy nest of the Grosbeak to the crows), squirrels, and Orioles.

He encouraged members to visit the park in the spring when the Red Bud was in bloom.

The Garden Club held its meeting in the Park after which coffee and sandwiches were served.

A holiday workshop will be at the home of Mrs. Edward Kapelanski November 26.

Bill and Dick Hook

Have you always believed it is legal to drive five or ten miles over the speed limit because most police allow that much tolerance before stopping you? This is pure fiction. Speeds over the limit are not legal. In the past, because of inaccurate speed-measuring devices, police found that courts would not convict unless the violation was clear-cut. However, with the accurate electronic devices being used today, speed violations can be incontestably detected. So, don't take chances!

Don't take chances with dry cleaning either. Bring your clothes and draperies to the experts at HOOK'S CLEANERS INC., 32328 Michigan Ave., Wayne, PA 2-0162, 35 Main, Belleville, 697-8600, and 37311 Goddard, Romulus, 941-1010. In-by-10-out-by-4 shirt service.

### HELPFUL HINT:

If your cake browns too quickly, before it is thoroughly baked, place a pan of water on top rack in your oven.

**FLORIDA BOUND** - That rather insignificant looking piece of paper held by Mrs. Norman McNally is anything but! Having been the winning ticket drawn at St. Anthony's Annual Bazaar last week-end, it entitles Norm and Charlene to an all-expense trip for two to Fort Lauderdale, Florida. The McNallys, who reside at 42 S. Edgemont street, Belleville, are making arrangements for their five children's 'lodgings' during their sojourn which is being planned for the latter part of the month or early in December. The award was first prize in a drawing sponsored by the Men's Club of the parish. Second place, a week-end for two in Detroit, was won by R. Palonus, of 14578 Forbes, Detroit.

MOM'S WEEK-END

INVITATIONS FROM their daughters, fellow freshmen at Central Michigan University, took Alice Patterson and Mildred Baker out of town for the week-end of November 1. Traveling up to Mt. Pleasant, they were greeted at Trant Hall by their respective co-eds, Janie and Joan, who'd gone "all out" with signs of welcome on their doors and their mothers' pictures in prominent spots in honor of "Mom's Week-End."

On Saturday, they were presented with corsages to wear to the football game at which they sat in a special reserved section. The girls later poured a tea for the visiting mothers following the gridiron show.

The ladies enjoyed dining with their daughters and their friends in the dorm cafeteria and later attended an original skit, "The Roaring 20's" at the Men's Union followed by an evening of cards.

The ladies departed after attending church services Sunday morning and sharing dinner with their girls, 1968 graduates of Belleville High School.

After enjoying a trip of six weeks duration through 16 states, Mr. and Mrs. Henry Deering returned home on Sunday evening, Nov. 3. Their route took them as far north as Seattle, Washington, and a brief stay in old Mexico. Among the national

monuments visited were Yosemite, White Sands, Mesa Verde, Wupatke, Montezuma, Crater Lake, Meteor and Sunset Crater, Grand Canyon, and Carlsbad Caverns.

Nearly a week was spent in the Los Angeles area where they took in Disneyland, Knott's Berry Farm, a tour of Universal Studios, Forest Lawn Cemetery, the Naval Base and

the harbor cruise at San Diego. They were at Temple Square in Salt Lake City when Vice President Humphrey was there and also heard the Mormon Choir, and visited many relatives and friends in Colorado, California, Arizona, Arkansas, Missouri, and Indiana. Enroute home they enjoyed the beautiful fall colors in the Ozarks and visited the Shepard of the Hills Farm at Bronson, Missouri, made famous by the author, Harold Bell Wright.

Mrs. Mertie Schaefer returned home on Tuesday of last week after a two weeks visit in Marion, Illinois, with her son-in-law and daughter, Mr. and Mrs. Frank Uchman and family. Harold A. Poling, chairman of the Western Wayne community business unit, captured the Town Crier Bell for reporting the highest percentage of quota in the 1968 Torch Drive's business campaign.

Poling, controller, engine and foundry division, Ford Motor Company, reported collections totaling \$49,964 or 103 per cent of quota.

Other preliminary community business unit totals follow: Eastern Wayne, \$38,968 or 78.3 per cent of quota; Central Wayne, \$332,108 or 100.7 per cent; Oakland County, \$44,625 or 63.6 per cent, and Macomb County, \$38,331 or 93.7 per cent.

The community business units solicit Torch Drive contributions from neighborhood firms not assigned to campaign chapter units.

Their collections are included in the overall Torch Drive total and will go toward this year's goal of \$27,550,000.

## Statewide Search Begins For Outstanding Farmer

GRAND RAPIDS - A five-month search to select the Michigan Outstanding Young Farmer of 1968 gets underway this month throughout the state, Roger Bramer chairman of the Michigan-wide program, announced.

The selection will culminate at on OYF Banquet, to be held at Grand Haven on March 1.

The program is co-sponsored by the Michigan Jaycees with Central Soya and its Master Mix feed dealers.

Bramer said that the winner of the state program would be entered in the National Outstanding Young Farmer Program to be held this year in St. Paul, Minnesota. The national event, which each year honors four Outstanding Young Farmers from throughout the nation, is held under the auspices of the U.S.

### Gets Assignment

ROMULUS - Army Private First Class Alphonsa Ellison, 26, whose parents, Mr. and Mrs. Forace Miller, live at 11450 Moore street, has been assigned to the Americal Division's 198th Infantry Brigade near Chu Lai, Vietnam, as a rifleman.

Jaycees and Central Soya.

OVER 250 Jaycee chapters throughout the state will be asked to select a local Outstanding Young Farmer for entry in the state competition.

To be eligible, the farmer must be between 21 and 35 years of age and be an actual farm or ranch operator with a minimum of two-thirds of his income derived therefrom. Entrants are selected on progress in their agricultural careers, soil and natural resource conservation practices and civic and social

contributions to their community, state and nation.

Local programs are expected to begin in the near future, with the deadline for entries to be submitted to the Grand Haven Jaycees by Jan. 10.

"We're expecting a record number of entries for the state program this year," Bramer commented. "A much stronger effort is being made to have more of our clubs select a local Outstanding Young Farmer. We, naturally, are hopeful that our state winner will be one of the four chosen for national honors this year."

## Math Magic

By WILLIAM LOYD,  
Math Teacher

FROM: The Trachtenberg System of Basic Mathematics. Multiplication Without Tables.

A system for everyone! The unique beauty of the Trachtenberg System is that this system is for everyone, whether you have a fourth grade education or a college degree. It is very simple and easy. The key is to know the basic rule. This week let's see how multiplication by twelve works.

The only difference between the basic rule for 12 and the basic rule for 11 is that you DOUBLE the number before you add it to the neighbor. If you have learned how to multiply by 11 this will be easy.

**BASIC RULE:** Double each number and add to its neighbor.  
Step 1  
 $564 \times 12$   
8

\* Double the right-hand number of the multiplier and put it down as the right-hand number of the answer.

\* The right-hand number of the multiplicand is 4

Double 4 = 8.

\* 8 is the right-hand number of the answer. Easy, huh?

Step 2  
 $564 \times 12$   
68

\* Double each succeeding number and add to its neighbor at the right.

\* The second number is 6. Double 6 and get 12.

\* Add 4 (neighbor at the right) and get 16. (Carry one.)

\* Repeat step 2. Double 5 = 10.

\* Add to 6 (neighbor at the right) and you get 16 plus 1 (that you carried) and you have 17.

\* Put down 7 as the next number of the answer and carry 1.

Step 3  
 $564 \times 12$   
6768

\* The left-hand number of the multiplicand (plus anything you carry) becomes the left-hand number of the answer.

\* The left-hand number of the multiplicand is 5.

\* Add the 1 you carried and you get 6.

\* 6 is the left-hand number of the answer.

Go to the Public Library and ask for the book, "Instant Math," by Ann Cutler, Doubleday and Company, or "The Trachtenberg Systems of Basic Mathematics" and study ahead.

(Editor's Note: This is the fifth of a series on The Trachtenberg Speed System of Basic Mathematics by William Lloyd, math teacher at Belleville Junior High School.)

## Good cooking is still a touch of

## this and that.

You can't beat a woman's intuition when it comes to the art of cooking. That's why so many prefer Gas. Only Gas gives the instant control of heat. Only Gas gives the infinite variety of settings, from keep-warm to sear. Gas burns clean, too. And it's economical. For the cost of one meal cooked electrically, you can cook four meals with Gas. There's a wide selection of beautiful and modern Gas ranges on display at dealer or Gas Company showrooms. Many special values. No down payment. Easy terms. One look and you'll know why smart women cook with Gas.

# Picture Report on a Local Tribute to Art Sullens

**SULLENS' NIGHT** — An Appreciation Dinner and Program was held Nov. 6 for Arthur Sullens, 64, retired Building Superintendent at United Methodist Church. Above is part of the many friends and associates who attended the unique affair sponsored by church officials and parishioners. Sullens, a popular Belleville resident, resides at 57 Bedell Street.

A gift of Savings Bond is always in good taste, never goes out of style, and is always appreciated.

**RETIREMENT ADVICE?** — Rev. Allen B. Rice, II, pastor of the United Methodist Church of Belleville (right) seems to be giving some retirement advice to Arthur Sullens, who retired as building superintendent in September, 1968, after five years of service at the local church.

## To Present Old Sounds

Somewhat the sackbut changed its identity. In ancient Biblical times that was the name of a stringed musical instrument. In medieval times, though, the word had been changed to mean a form of trombone. The latter type of sackbut will provide part of the musical sounds that will fill the Henry Ford Museum theater on

Sunday, Nov. 17, at a special concert. Members of Oakland University's Collegium Musicum will play the sackbut and such other ancient instruments as krumphorns, recorders, cornetto and rauschpfeifes during the program, which is scheduled for both 2 p.m. and 4 p.m.

**THE PERFORMANCE** by students, entitled "Music for Kings and Noblemen," will be kept on an informal level, with a narrator explaining the music and instruments to the audience. The musicians will appear in costumes of the period of the instruments as they play Renaissance and Baroque selections.

In addition to the music for ensembles to the old instruments, the program will include vocal solos and madrigals in English accompanied by guitar and recorders and a sonata for flute and harpsichord. Sacred music of the 17th century rounds out the concert with two songs by the vocal ensemble and a motet for double chorus accompanied by organ, harpsichord and recorders.

Performances are at 2 and 4 p.m. and are free to regular Museum visitors. For additional information, contact the Henry Ford Museum, Dearborn, Michigan.

**SWAPPING TALES ABOUT ART SULLENS** — Must be an interesting chat as Rev. Allen B. Rice II, pastor of the Belleville's Methodist Church (left) reviews for his guests incidents in the life of Art Sullens. Henry Deering (next to Rev. Rice), Merle Toussie and Dr. Allen Rice, (right) father of Rev. Rice, who made a special trip to the Arthur Sullens' Night affair, listen intently.

## BHS Seniors Present Orwell's Novel

### WHO WATCHES YOU

"Under the spreading chestnut tree I sold you and you sold me." —from Orwell's "1984"

Imagine a society which revolves around the concept of FEAR. Your fear.

For every human being alive there is one thing that is far too repulsive to contemplate — perhaps for you it is spiders, or snakes, or rats. With the threat of this fear perpetually gnawing at your brain, your life has become utterly regimented into an absolute totalitarianism by the power which controls this "fear" — Big Brother.

Your mind, a mass of

computerized static, pathetically clings to the one emotion you are allowed to display: the desire to please Big Brother. You are doomed to a faceless existence forever.

**THIS IS** the type of futuristic society George Orwell has presented in his explosive and controversial novel, "Nineteen Eighty-Four."

Though its theme has an obvious reference to the brutality of Adolf Hitler in Nazi Germany, this novel offers a unique view of what the immediate future holds in store for the peoples of the world. Its universal element is, of course, abject terror.

One of the most primitive of instincts, fear is the fundamental basis for our

personalities and unless man can devise something to love more than he loves himself — something he will cling to even under duress — there is no hope for brotherhood in the years to come.

Bitter though this attitude may seem, its realistic appeal has stunned thousands and caused violent reactions among people throughout the world.

**THE SENIOR CLASS** of Belleville High School will hold a dramatic production of this compelling novel on Dec. 6 and 7 at the Junior High School.

Frankly aware of the implications of the "It could happen to YOU!" concept, these students will present to the community an open and realistic approach to Orwell's frightening philosophy.

## Entertainment Marks Tel-Twelve Mall Opening

Patrons who attend the 3-day Grand Opening "Happy-ning" at the Tel-Twelve Mall, 12 Mile and Telegraph, Southfield, will find entertainment and attractions for all age groups.

The Grand Opening ceremony will be at 9:30 a.m., tomorrow (Thursday, Nov. 14), but elaborate entertainment will continue through Saturday, Nov. 16.

Following the brief Grand Opening official ceremony, Bud Guest and Charlie Parks of WJR will appear in the Fashion Court to meet fans and give autographs. Guest will return to the Tel-Twelve Mall at noon on Friday for a second autograph session.

**A FASHION SHOW**, featuring the latest fall and winter wear from the various fine women's shops and departments in the Mall, will be held from 2:30 to 3 p.m. on Thursday and Friday, Nov. 14-15, with Jackie Crampton of WJBK-TV, narrating the show.

During the three-day opening celebration, the following

### "Happy-nings" will take place in the Mall:

11 a.m. and 3 p.m. — Red Ace, also known as Skatey the Clown, will stage balloon sculpture shows. The star of many national television shows will twist balloons into various forms and distribute them to his fans.

From 1 to 1:30 p.m., the fabulous Ginny Tiu Revue will be presented. The Ginny Tiu show is hailed by nationally-known critics as "the finest import from China since tea."

The Ginny Tiu Revue was a show stopper when it was presented in Carnegie Hall in 1966. It will be on the Jonathan Winters Show on Christmas Day, 1968.

**DURING THE** three days, Eddie Santini, nationally-known orchestra leader, will present two shows daily. One, from 4 to 4:30 p.m., will feature Santini's "Sounds of Today" Show while the other, from 6:30 to 7 p.m., will feature Santini's "Dixieland to Big Bands" Show.

While all of the theatrical fanfare is going on, Slozo the Clown will circulate through the Mall and stores, giving imprinted balloons to children. Slozo's activities will take place without interruption from 10 a.m. to 5 p.m. daily.

From opening to closing of the Grand Opening "Happy-ning" beautiful hostesses will circulate through the Mall to give information and pass out folders detailing features and facilities of Tel-Twelve Mall Centers.

And, what would be a Grand Opening "Happy-ning" be without searchlights?

Klieg lights will be utilized during the three-day celebration from dusk to 9 p.m., acting as a visual reminder of the Grand Opening and as location beacons.

## Williams' Concert Scheduled

## Honor Arthur Sullens

**BELLEVILLE** — Arthur Sullens, retired building superintendent at United Methodist Church, was the honored guest at an "Appreciation Dinner and Program" held last Wednesday, Nov. 6, under the sponsorship of church officials and parishioners.

Among the many interesting highlights of the affair was "This is Your Life Art Sullens," skit by James Pollard, teacher; Donald Bluhm, counselor and The Methodist Youth Fellowship.

Arthur Sullens, now "Custodian Emeritus" was the building superintendent at the church from 1963 to 1968. He is retiring from the post at the age of 64. He resides at 57 Bedell Street and is the father of four married children.

AMONG THE church officials and members attending the program were many of Sullens' friends and associates including the parents of Pastor Rev. Allen B. Rice II. Justin Emerson, lay leader, was toastmaster and presented the welcome in behalf of the United Methodist Church's congregation. Master of Ceremonies was Lee Allison. Invocation and Doxology as well as Benediction was given by Rev. Rice.

Community singing was under the leadership of Forrest Sullivan.

The Belleville High School's "Madrigal Singers" rendered a musical presentation under the direction of Keith Drayton, director and a special musical group was presented by Tracey Carrabin.

ANOTHER HIGHLIGHT of the evening was a special "art" exhibit by Larry Button.

The pastor and the church's Board of Trustees expressed appreciation to those who attended and participated in the Arthur Sullens' Night and special appreciation to Mrs. Edwin Renton, Mrs. Rodney Mast, Mrs. Walter Nollf, Timothy Fambro, Klair Kissel and James Pollard, president, Methodist Men and Officers and Program Committee.

# Belleville Glows In Finale, 42-18

## CURTAINS FALL ON '68 CAMPAIGN

BELLEVILLE — Winter arrived at Belleville High Friday night and hundreds of freezing fans ignored it. They watched as the Tigers put together their best offensive performance of the season to whip John Glenn 42-18 in their first confrontation with the Westlanders.

"I'm happy for the seniors," said coach Jim Richendollar after the game. "We wanted to end the year with a victory for them and the boys played their best to do so."

Belleville convinced its nonleague rival that they were out to win their inaugural encounter in football and

wasted little time in discussing the possibilities of an upset. The Tigers grabbed the opening kick-off, and, with halfbacks Steve Hampton and Gary Gentle alternating with the running chores, marched to the four-yard line where Bruce Bara plowed over for the touchdown.

Dietrich Freyberger booted the extra point to make the margin 7-0 and finished the day with a perfect five for five.

The Tigers widened the gap in the same quarter thanks to a blocked punt by Mark Williams who also recovered the ball at the Glenn 35-yard line. Yocum utilized his running backs to

advance the team to the 10-yard line then passed to Derek King for the second TD. Bara set up Belleville's third TD of the game when he broke loose for a 45-yard run midway in the second quarter. He was stopped inside the Rocket five. Yocum, then took it over on a quarterback sneak.

Glenn waited until the start of the third period to retaliate with its first score of the game. Coach Bob Lusk's Rockets took the kick-off and drove 55-yards to the eight-yard line, and quarterback Dennis Figley polished off the rest of the real estate with a pass to George Asterhout.

Glenn's bid for the extra point was blocked by Yocum. Again, in the third quarter, Belleville's offense went back to work and scored its fourth TD of the match as Yocum, doing most of the ground work, brought his team to the 11-yard line and then handed off to Hampton who slipped off tackle for the touchdown.

It didn't take long for the Rockets to organize another threat as Bob Russ and Mac Domke carved out the necessary yardage for their second TD drive which covered 45 yards. Russ finished off the thrust with a five-yard, off-tackle sprint.

Belleville assured itself of its second victory in as many weeks with a pair of fourth-quarter touchdowns as Gentle went over after Bara and Hampton laid down the ground-work. Gentle blasted his way through from the six-yard line and a 23-yard pass play with Bara on the receiver's end of a Yocum toss climaxed a 40-yard drive that accounted for the final touchdown of the season.

Mike Krawulski picked up the extra point. Glenn's final tally resulted in a 14-yard pass from Figley to Mike Coger.

Doug Ketchum turned in one

of his best defensive performances of the season. The senior tackle appeared to be in all of the plays while teammates Bill Lambert and Chris Boyd were standouts as linebackers and middle guard Jim Singleton and tackle Bruce Hampton provided the impetus on the line.

Yocum Picked As Suburban Six 'QB'

BELLEVILLE — Three Belleville gridders were picked last week to the All-Suburban Six Conference football team, a team selected by the coaches of the league. They are John Yocum, Bruce Bara, and Jim Singleton.

Yocum, a 17-year-old senior who can run as well as pass, was given the nod as the first-string signal caller while Bara and Singleton were chosen for their defensive talents — Bara, at halfback, and Singleton, at middle-guard.

Belleville also placed Mark Williams on the second team as an offensive end.

Honorable mentions went out to Chris Boyd, linebacker; Mike Krawulski, defensive end; Gary Gentle, full back; Steve Hampton, halfback; Bill Lambert, guard; Lee Schmidt, guard; and Derek King, halfback.

**Benefit Game**

A "Benefit Basketball Night," sponsored by the Romulus Parks and Recreation Department, will be held at Romulus Senior High on Tues., Nov. 19, beginning at 7 p.m.

The proceeds of the twinbill will go to purchase equipment for the recreation department. Tickets are on sale at \$1 for adults and 75 cents for students.

In the first game, the faculty at Romulus will be challenged by members of this year's football squad at Romulus while in the nightcap at 8:30, the Romulus Recreation adult champs will take on an All-Star squad.

**MAN IN BETWEEN** — Sandwiched in between two Glenn players, Belleville's senior end Mark Williams (89) stretched for a pass which was deflected off George Osterhout's hand. It all ended well, however, for the Belleville gridders as they posted their second straight victory, 42-18 Friday night.

## Romulus '11' Blows Lead and Victory

Robichaud Rallies By Eagles, 7-6

INKSTER — Romulus' famous "fake-punt-pass" play worked perfectly against Robichaud, but that's about all that worked for coach George Pratt's Eagles as Robichaud rallied in the final six minutes of the game to post their first victory of the season, 7-6, Friday.

Held scoreless by Robichaud, which patched up its team with seven freshmen, Romulus broke the deadlock with seven minutes remaining to the season on a 20-yard pass play which saw quarterback Paul Seestadt go back to kick but passed to Phil Derwinski instead for the go ahead touchdown.

Romulus' bid for the point after was blocked by Zack Conley, who has been missing from the Bulldog lineup because of an injury.

**MAN IN A HURRY** — Breaking loose for yardage is Belleville's Steve Hampton (42) who shook off a Glenn defensive player to pick up yardage. The scene was repeated many times Friday night as Belleville whipped Glenn 42-18 in the final game of the 1968 campaign. Hampton emerged as one of the Tigers' leading ground-gainers.

## Next Week All-Area Football

Robichaud wasted little time in putting together their best drive of the season, going 89 yards after the ensuing kick-off to the Eagle one-yard line where fullback Henry Logan crashed off tackle to tie the score.

Then freshmen Art Cooper, a left-handed halfback, broke loose on an option to score the extra and what proved to be the winning point for the Canines.

Romulus had little time to find an answer.

The frustrated Eagles, earlier, marched to the Robichaud one-yard line where after attempting three plays, fumbled on their fourth try, which smothered their first serious TD threat.

That fumble was pounced upon by Ron Goulet, John Hibbler and Conley.

## Name 'All-Area' Harriers

WAYNE — Franklin, Garden City West, and Wayne — leaders in the Western Wayne Cross Country Meet — dominated this year's ASSOCIATED NEWSPAPERS' "All-Area" selections as all three placed more than one runner on the team.

Coach Bob Holmes' Patriots over in Livonia captured three berths with veterans Dave Collins, Jack Clark and Jim Kosteva while Wayne's Dick Miller, who guided his team to the WW title, was represented

by Ramon Torres and Richard Meyer.

West, which won the second phase of the WW Meet, placed Dave Conley and Don Anderson on this year's mythical squad.

Honorable mention was awarded to Garden City East's Pat Tapper (sophomore); George Simmons (Robichaud-Senior); Allen Fant (Belleville-Junior); Phil Siebold (Sophomore-Cherry Hill); and Dick Dittmat (Senior-John Glenn).

Miller, Wayne's strategist who posted a 14-1 overall dual meet record which included a second place in the Sauk Trail Conference and the Western Wayne Invitational Championship, was named as the ANP's "Coach of the Year."

It's unusual for a sophomore to gain All-Area distinction but West's Andersen, a 15-year-old speedster is an unusual athlete. In his first year on coach Bill Pennell's team, Andersen placed third in the Western Wayne Meet and was sixth in the tough Tri-River Conference, where he also earned All-League recognition.

Don placed 17th at the regionals and missed going to the State Finals by one position. He holds the soph record on the Tiger course at 10:08 and Pennell is "looking forward to when Andersen becomes a senior."

Running mate Conley will also be around next year. He's a 16-year-old junior who

NEW BOSTON — "Butch" Suemnick wasn't supposed to play in Huron's final game of the season against Flat Rock Friday night. He was injured in the previous game at Grosse Ile and coach Tom Grange had told the 15-year-old sophomore quarterback he could "take it easy."

Well, Butch did. Until the end of the second period that is. Then, first-string

signal-caller Tommy Umin was injured and was carried off the field. Grange was forced to call upon Suemnick who went into the ball game, fired seven of 15 pass completions including three touchdowns in a losing 53-18 cause.

"He kept the boys going," said the Huron coach afterwards. "He played his best under those conditions and we're sure proud of him."

Suemnick had injured his arm the previous game and it appeared he was through for the season but on Friday he informed his coach that he felt good and would like to dress for the game. The coach agreed.

And the Chiefs really needed him.

Flat Rock picked up two touchdowns in the first period and had gained a 26-0 halftime edge before breezing to the lopsided decision. Butch came in and teamed up with the Dregansky brothers — Therle and Glenn — for the three TDs. He rifled a four-yarder over the heads of Flat Rock's gridders early in the third period for the first score and later tossed to Glenn a 15-yard TD missile.

On the last play of the 1968 campaign, Suemnick came up with a screen pass to Therle who sprinted 32 yards into the end zone for the final tally.

Yes, Butch and the Chiefs will be around next year to avenge some of the losses they suffered.

Monroe Catholic Central, which posted a 7-0-1 record, was crowned the inaugural champ of the expanded Huron Conference while Huron became the first cellar dweller with a 0-7 mark.

## THE SPORTS MERIDIAN

By Tom Mooradian

The bumper sticker read: "West Is Best". And I decided to follow it. The car led me into a parking lot at Garden City West High School where fans were piling out of their vehicles and heading for the newly built football stadium.

It was a cold, dismal evening, one suited for a night before the TV set and brandy and not for football. Rain, mixed with snow, had begun to fall but hundreds of Garden City fans braved the adverse conditions to be on hand for the confrontation between West and East — the inaugural game on West's gridiron.

As I made my way up to the Press Box, the voice of Garden City High football — Lance Heager — brought a deeper meaning to this game when he said "and this game is dedicated to the boys who have given their lives in Viet Nam."

And as the wave of silence covered the scene, one realized just how close the war was to us.

It was a fitting tribute to our fallen heroes...may they have not died in vain.

### Tiger Tales

You can read about the game between these two arch-rivals somewhere else on these pages, but some interesting things happen in Press Boxes and at West there was no exception.

A fan came up to me and asked in Dr. Livingston fashion, "Mr. Mooradian, I presume?"

I nodded.

And he stuck his hand in his coat pocket and brought out a card and said, "Someone asked me to give this thing to you."

I glanced at the card and, sure enough, it was a "Paper Lion". West had carried out their promise to have "Lions at halftime". They do things in a big way over there.

Don't they?

### Basketball Just Around Corner

Basketball MUST be just around the corner. On Saturday Romulus head cage coach Al Duva dropped in for a jam session and asked what we have planned for the season. Nothing, we said, short of a revolution.

We're going to come up with a few surprises, but feel we should wait until the right time for the tip-off.

Right now, we'd appreciate it if the athletic directors would forward the basketball (as well as swimming and wrestling) schedules to our offices as soon as possible.

And if there are any new coaches — we would appreciate their home telephone numbers as well.

### Bright Star Heads For Wayne

It may have been a dismal year for a couple of first year coaches — Vas Badalov at Wayne Memorial and Robichaud's Jim Hadley — but the future is bright for brother men.

Those freshmen that Hadley unleashed at Romulus Friday afternoon sure looked impressive and Vas can look forward to the day when Ronnie Griffin matures.

Who's Griffin?

Well, he's a 13-year-old who won the Pass-Punt-Kick competition in Wayne for the past two years. Ronnie not only excel in football, but plays baseball and wrestles, too.

Oh, yes, I forgot to mention that he's 5-11 and weighs 240 pounds and is still growing.

I don't know how it happened but someday I'll get even with the guy who got me into this mess.

Do you realize that this "dirty old man" is listed in the "Football Writers Association of America" which was just recently published. Yep, on page 48 of the current issue, in black and white, I'm between Waverly, Iowa and Waynesburg, Pennsylvania.

I don't know how I got there.

But believe you and me, I'll get even with the guy who's responsible for this.

"Thank You".

## Attendance Topped 1967

LANSING — Michigan's 1968 state park season is not officially over until December 31, but by late October these public recreation areas had already topped their year-end totals for 1967 in daily attendance and camping use, the Conservation Department reports.

As of Oct. 20, state parks had drawn over 17 million day visitors, some 13 percent more than a year ago and about 1.7 million above the final figure for 1967.

Team	W	L
Carol Lundine, who fired a 519 series, remains on top of the high individual three-game standings while in second place is Linda Hermanson and Kay Jaszc in third with series of 495 and 493, respectively.		

The gals are eying Kitty Chudzinski's 203 game which was the best turned in this season for the high individual single game. Miss Lundine bagged a 198 which is good enough for second and Donna Dahlgren and Barb McArthur each have hit 193 games.

Realizing some "toughies" in the split department were Darlene Armstrong and Kitty Cooker who cleared the 5-6 while Miss Armstrong also made a 6-10 and Eileen Pope came through on a 4-10.

## Robichaud Rallies

(continued from page 13)

Romulus had pushed the Bulldogs to inside the Robichaud 20-yard line on several occasions but couldn't come up with the big play. In fact, on one such threat they handed the ball over to coach Jim Hadley's team on the seven yard line and on the first play

from scrimmage Eagle halfback Malcolm Williams intercepted a pass and headed for his own goal line only to be stopped by a Robichaud player. It was that kind of day for Romulus.

But it was a happy day for coach Hadley who, in his first year as head coach, went eight weeks without a victory. It was his first win since taking over the Robichaud helm.

"It feels great to win," said coach Hadley. "The boys deserved to win this one, they played their hearts out for it."

Logan was the mainstay of the Robichaud defense as well as offensive machine as he picked up 68 of the total 152 yards gained by his team. Willie Hollins earned 66.

Romulus completed the season with a 1-7-1 won-lost-tied record.

**JUNIOR VARSITY** — Although they didn't find their way into the winning columns this year, Romulus' Junior Varsity Little League football team showed they were tough. The Flyers fielded their first squad this season and are eagerly looking forward to next year.

**VARSITY** — It was the first year for the Romulus Flyers in Little League but the boys played like veterans. Some of those vets, however, will "graduate", to make place for new players next season.

## Guidance Department Starts Tests

**BELLEVILLE** — The Guidance Department of Belleville Junior High School will be testing all eighth graders from Nov. 11 to Nov. 21.

The results of this test will be used to help the students select their high school courses and will be used by both junior high and senior high counselors.

This test is part of the total testing program in the Van Buren Public Schools. It is felt that these examinations are another way of helping us in our evaluation of students and are therefore a valuable accompaniment to teacher made tests, grading and observations.

The results will be available after Christmas. Any parent who wishes an interpretation of the scores may call for an appointment at that time.

## Association Seeks Charter Members

By ED SHUMBERA

**BELLEVILLE** — The Huron Valley Conservation Association is striving for a 1968 goal of two hundred Charter Members.

The Club was started this year by a group of outdoorsmen who recognized the need for sportsman, conservation and recreation activities in the western Wayne and eastern Washtenaw counties.

Existing clubs had reached membership quotas and were not accepting new members or were too distantly located.

The H.V.C.A. plans an eight hundred member club. Experience of other successful sportsmen's organizations has shown that this number will support operation of the facilities with a low dues structure and with the average participation will not be overcrowded.

A frequent question by prospective members is "When and where are the Club facilities to become a reality?" Obviously adequate facilities will not blossom overnight for it is the organizational strength developed through a common purpose that will provide the group with the resources to develop these facilities. There are also those who say "Come back and see me after you have built your facilities."

PEOPLE SEEM to fall into two principal groups. In the first group are the "I Wills". In spite of criticism, obstacles, and opposition, and because they believe in the purpose and objective, they make their ideas come to life and accomplish something. The second group are the "Me Too's". These are the people who hedge every bet, never chance other than a sure thing, always vote with the majority,

and never join an organization until it is successful.

The Huron Valley Conservation Association now has approximately one hundred twenty eight "I Wills".

Members are encouraged but not required to actively participate in the Club's work. This is to ask all area men (and boys over 14 for Junior Membership) who are interested in sportsman-conservation activities lend their support through membership.

Become a Charter Member now by making application along with membership dues of ten dollars to: Gordon Belaire, Membership Secretary, 16657 Elwell Road, Belleville.

## HARRIERS

(continued from page 13)

All Tri-River Conference honors.

As a junior he holds the record for the home course at 10:44, ten seconds off the pace set by Billy Casper who has the West High mark.

Franklin went into the 1968 season with a new coach in Bob Holmes and he led his team to a second place in the WW Meet, getting outstanding performances from Collins, Clark and Kosteva.

Both Collins and Clark are holdovers from last year's squad while Kosteva is a 16-year-old junior who wound up his first year of competition in cross country.

Collins was selected to the All-Northwest Suburban League for two consecutive years, and is a senior who owns the Franklin course record at 10:04. In his dual for the Western Wayne Invitational crown, he lost to Wayne's Ramon Torres by one tenth of a second.

Rounding out his third year on the Pat varsity squad, Collins also placed fourth at the Schoolcraft Invitation Meet and was fifth at the Redford Invitational.

Teammate Clark, also an All-Conference runner for the past two years, is a senior who held the course record until Collins came along and still has the second fastest time with a 10:02.

Jack also was named to the All-Redford Union team and placed behind Torres and Collins in the Western Wayne.

Franklin's third representative to the ANP team is Jim Kosteva who will be around for another full year.

The 16-year-old junior was fifth at the WW and was given an Honorable Mention in the Northwest Suburban Conference standings.

"We have had traditionally good cross country teams here

at Franklin," said coach Holmes, "and, although we're going to miss our two key runners - Clark and Collins -

next year, I feel we will be able to continue our outstanding tradition with those who will be coming up."

## TIGER TALES

By SANDY PARIS

Metro Park was the final destination of a Road Rally held by the Youth Fellowship of the Methodist Church, Sunday, Oct. 20. The guests on this annual outing, was St. Anthony's Focus Group.

The annual outing lasted about five hours, ending with a fireside picnic of hot dogs and cider.

Clues were given out to each car load and they went through Ann Arbor, Plymouth, Wayne, and Westland. The object of the rally was to be the car closest to the perfect time upon arriving at the destination. About thirty students of BHS took part in this event.

German Club, under the sponsorship of Mrs. Carol Heldt, is planning a very busy year, having elected Rose Lockwood as president; Becky Underwood vice president; Sheryl Feitel, secretary; and Mark Ammerman, as treasurer.

They proceeded to plan their meetings for the first and third Wednesdays of each month.

The present plans call for dinner at a German restaurant in Ann Arbor on Nov. 15. A possible ice-skating party is also in the planning process.

On Oct. 22, seven senior members of the BHS Student Council attended a conference in Ann Arbor. All the district schools met together and discussed the problems and exchanged ideas on their respective council. This conference enables all the schools to find out what each of the others in the area are doing.

FUTURE NURSES have worked on their annual Halloween projects. The project for this year was similar to that of last year. Small orange hobo sacks filled with candy were found by fifty children at Belleville Hospital on their evening trays. Under the direction of Miss Esther Smith, the girls are thinking ahead to their annual Christmas projects, and to some of the trips to various hospitals.

The annual Suburban Six Concert will be held at BHS on Nov. 22, at 7:30 p.m., in the boy's gym. Admission is free. This is a combination of the choirs, bands, and orchestras of the six schools in the Suburban Six League.

Homecoming at BHS is over, but the results are lasting. The TNT Homecoming issue proved a big success. The biggest feature of the paper was the baby pictures of the varsity football team, compiled by Denise Mason, Chris McLaren, and Vicki Palmer. Each picture was numbered and there was a contest to identify each player.

Winners were drawn by the TNT and they are: first place, Roy Brindamour; second place, Loretta Belanger, and honorable mention, Cindy Thiede. Roy received three dollars and Loretta received two dollars.

A PRESIDENTIAL election was held throughout Belleville High School Tuesday, Nov. 5. Mrs. Helen Tibbals one of the government teachers at the high school was in charge of this. Mrs. Tibbals fifth hour government class passed out the ballots during homeroom, they were counted by the class fifth hour. The results were:

Nixon: 398, Wallace: 430, Humphrey: 598. There were some write-ins with Pat Paulsen leading them with 77 votes. There were 128 marked ballots. Altogether there were 1,911 voters. This was close to the number of students in the school.

## Educational Equality is Sought by Huron Schools

NEW BOSTON — Much attention is being given throughout the State of Michigan to the lack of educational equality due to the present ways of financing local school districts.

Students in the Huron School District are in a very real sense victims of this inequality. Bryon K. Antcliff, School Superintendent has reported.

Huron School District has a tax base of \$10,400 per student, well below the state average of about \$15,000. Despite the fact that we now pay a state average of 20.9 mills for school operation, we do not raise enough money to spend the state average cost per student, he added.

When a person considers that our district is in Wayne County, the highest cost area

### School District Adjourns Meet

NEW BOSTON — The Huron Township School District's Board of Education will hold its monthly meeting on Nov. 25 instead of Nov. 18, it was announced Monday.

The postponement was prompted by scheduled absences of some of the school board members.

of the state, it is easily understood how our students lack educational equality, he stated.

What can you do about this problem? A great deal if you are willing to spend a little time at it. A few letters to people in a position to help solve the problem will let them know you expect equal opportunity for your children.

The list of people below should be contacted if this problem is to be solved. If each person reading this paper would write only one letter a week during the next month we could take a big step along the way to equal educational opportunity.

Write a letter today for equality to:

Dr. Ira Polley, State Superintendent; State Board of Education; Michigan National Tower; Lansing, Michigan 48902.

Senator William Faust; (Home) 35215 Cady Street; Westland, Mich. 48184; (Office) Capitol Building; Lansing, Michigan 48902.

Governor George Romney; State Capitol Building; Lansing, Michigan 48902.

Reason: their request for song booklets to brighten up their meetings and club events were presented to the club last week by officials of the Huron School District.

The song booklets were

Luke Wegienka, school system's administrative assistant, presented the brochure of songs on Tuesday, Oct. 29 to Emil Krzyske, vice-president of the club.

Krzyske received the song books in behalf of John Brandes, club president and former Huron Township Supervisor.

The song books were put to use immediately and the golden voices of Huron Township's elderly came out of hibernation.

### City Gets \$4,084 of Road Tax

BELLEVILLE — The third quarter Motor Vehicle Highway Fund collections currently being distributed to Michigan counties, cities and villages by the State Highway Department brought the sum of \$4,084 to Belleville.

Third quarter receipts (July to September) totaled \$66,965,812, an increase of \$10,834,206 over the same period in 1967.

## 1967 - 1968 Romulus Community School District Audit ROMULUS, MICHIGAN

Board of Education  
Romulus Community Schools  
Romulus, Michigan

To the Board of Education:

We have examined the balance sheets and related statements of revenue and expenditures of the Romulus Community Schools for the fiscal year ended June 30, 1968. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements of the various funds present fairly the financial position of the Romulus Community Schools at June 30, 1968, and the results of its operations for the year then ended, in conformity with generally accepted school accounting principles applied on a consistent basis.

Respectfully submitted,

POST, SMYTHE, LUTZ & ZIEL  
Certified Public Accountants

DAVIS B. DRAPER, Secretary  
BOARD OF EDUCATION

The above report does not show the balance due on school bus loans totaling \$127,261.58. It does show a sharp reduction in the districts general fund equity, with expenditures exceeding revenues by \$157,614.94 during the past year. This fact mandated the Board of Education to cut personnel and program for the 1968-1969 fiscal year. It will be necessary for the Board to seek additional operating revenues during this coming year to keep pace with increasing expenditures. Subdivision development will also make it necessary for the Board to ask the voters for another bond issue for building construction to keep pace with student enrollment.

ROBERT L. MCCONEGHY  
Superintendent of Schools

NEW BOSTON - Officials of Huron School District are seeking the help of citizens of the community in identifying youngsters of school age who are not attending school at the present due to a lack of a program to serve those young people with special needs, Byron K. Antcliff, School Superintendent, announced.

The Board of Education has secured a bus to transport such students and the district has been able to place all of those they are aware of in special programs outside the district on a cooperative basis. Such placements include mentally and physically handicapped students.

If you know of any youngsters who is not attending school for any reason, please call the Board of Education office at 782-2461 and we will attempt to place the child in a program to meet his special needs.

Security Mails  
Yule Checks

LINCOLN PARK - Checks  
totaling more than \$1,200,000  
are being mailed this week to  
over 14,000 members of  
Security Bank's 1968  
Christmas Club.

Clarence R. Mead, chairman  
of the board and president,  
said that checks range from  
\$25 to \$1,000 depending on  
the amount of money  
deposited bi-weekly by the  
members.

Mead announced that  
deposits for the 1969  
Christmas Club may be opened  
on Nov. 12, at all Security  
Bank's 20 offices.

Payments are accepted every  
other week in amounts of 1, 2,  
4, 6, 10, 20, or 40 dollars.

Free Blood Tests for  
Diabetes is Announced

Free blood-screening tests  
for diabetes will be given Nov.  
17-23. Diabetes Detection  
Week, sponsored in Michigan  
by the Michigan Diabetes  
Association, a United Fund  
agency, in cooperation with  
local hospitals, medical  
societies, and public health  
departments.

Henry D. Kaine, M.D.,  
Diabetes Detection Chairman  
of the Michigan Diabetes  
Association, reported there are  
close to 100,000 persons in  
Michigan who have diabetes  
and don't know it.

The purpose of the detection  
drive, an intensified version of  
the year-round detection  
programs, is to find the  
unknown diabetic and refer  
him to his physician for  
prompt treatment.

The early detection of  
diabetes is most important,  
says Dr. Kaine, because  
diabetes can best be controlled  
and treated, when found early.

MICHIGAN LEADS the  
nation in the number of  
persons tested for diabetes in  
the blood-screening programs.  
Michigan also has one of the  
highest rates of follow-up on  
persons whose tests are  
"positive" to make certain that  
the "possible" diabetic and his  
physician are aware of the  
testing result.

Tests will be given at  
hospitals, detection trailers,  
and at the offices of the  
Michigan Diabetes Association.

For Belleville area residents  
can apply for the tests at  
Annapolis Hospital, 33155  
Annapolis Avenue, Wayne,  
Monday through Saturday 2 to  
4 p.m.

Persons must likely to be  
diabetic are over forty,  
overweight, and blood relatives  
of someone with diabetes.  
Women are more susceptible  
than men. Mothers who have  
had exceptionally large babies,  
nine pounds or more, are likely  
to develop diabetes at some  
time in their lives.

COMMON SYMPTOMS of  
diabetes are extreme thirst,  
frequent urination, constant  
hunger, loss of weight, itching,  
easy tiring, changes in vision  
and slow healing of cuts and  
scratches. However, it is  
possible to have none of these  
symptoms and still have  
diabetes. That is why being  
tested can prove to be so  
important.

Once discovered, diabetes  
can be controlled by diet,  
exercise, and when necessary,  
insulin or one of the oral  
compounds that reduces blood  
sugar. A planned diet is basic  
to the successful control of  
diabetes.

Neglect of diabetes may lead  
to an increased risk of  
coronary disease, hardening of  
the arteries, cerebral  
hemorrhage, blindness, kidney  
disease, gangrene, and diabetic  
coma.

Eight CAP  
Members  
Aid Search

ROMULUS - Eight  
members of the Metro  
Emergency Services Senior  
Squadron of the Civil Air  
Patrol participated in a Search  
and Rescue Mission of a  
downed plane with a Pilot and  
one passenger aboard, Capt.  
Harry B. Bell, Commander,  
reported.

The Main Base of operation  
was at the Pontiac Municipal  
Airport. Many planes were  
involved in the search, plus  
radio communications, ground  
operations and endless hours of  
paper work.

Everyone worked diligently  
hoping to find some lead, but  
after a week with no success  
they had to abandon the search  
due to bad weather.

"We are very proud to  
announce the Civil Air Patrol is  
celebrating their 27th  
Anniversary this year" Capt.  
Bell stated.

DR. BILL RICE SPEAKER

# Evangelistic Crusade To Open

Dr. Bill Rice of Murfreesboro, Tennessee, will conduct an area-wide evangelistic crusade Dec. 1 through 15th at the Willow Run High School auditorium, it was announced.

Appearing with Dr. Rice will be his song leader, Jim Stoutenborough and soloist, Billy Renstrom.

The services will run nightly Monday through Friday at 7:30 and Sunday afternoon rallies at 3.

A special youth funspiration has been planned for Dec. 7, at 5:30 p.m. Arrangements have been made to provide a special section in the services for deaf visitors who will be provided with an interpreter. Nursery facilities have also been arranged.

WHATEVER LIFE has been for Dr. Bill Rice, it certainly has not been dull.

Born and reared in the cattle country of West Texas, he was breaking wild horses at the age of thirteen. Orphaned in his teens, he worked his way through Baptist College in

Texas, the Moody Bible Institute in Chicago, and rapidly became a nationally known evangelist, conducting revival campaigns from coast to coast.

Although a full time evangelist, Rice has found time to hunt big game, become an experienced airplane pilot, and between engagements, works as a cowboy on his own ranch in Tennessee where he raises horses and cattle.

Although revival campaigns are his first love, Dr. Rice is Co-editor of world famous SWORD OF THE LORD, editor of a Christian cowboy paper called THE BRANDING IRON, serves on several mission boards, manages the South's largest independent conference ground, conducts a weekly radio broadcast and is author of several books.

ONE UNIQUE phase of his ministry is his work among the deaf. With his lovely wife he has visited schools and organizations for the deaf in the Orient, India, Asia, and Europe. Together they

founded and direct Cumberwood, perhaps the World's largest missionary work to the deaf. Each summer deaf teenagers from more than half the states and from foreign countries come to the Bill Rice Ranch for a free gospel vacation.

The two weeks of meetings are sponsored by the Southeastern Michigan Fundamental Baptist Fellowship and is supported by the following area churches:

Rev. Archie Bice, Faith Baptist Church; Rev. Jim Phillips, Rawsonville Community Baptist Church; Rev. Fred Schindler, Open Bible Baptist Church; Rev. A. B. Sprunger, Bethany Baptist Church; Rev. Kinniman Crawford, Grace Baptist Church; Rev. Paul D. Bostwick, Trinity Baptist Church; Rev. Eldon Hall, Carleton Community Church; and associate pastors Rev. Ed Villalba and Rev. Ron Wagner.

For further information concerning the meetings contact Rev. Archie Bice at 483-8460.

THERE WILL be a question-and-answer period in which Edison officials will respond to questions on all phases of business management and operation. Planned for the convenience of people in the company's service area who own Detroit Edison share, the meeting is open to the public.

# Auto Industry Observers Present Critical Views on 3 Safety Items

Veteran observers of the automobile industry feel that the average new car buyer in 1969 will pay \$75 for three safety items which will not appreciably cut deaths or reduce injuries, states the November issue of Automobile Club of Michigan's Motor News.

The 825,000 Auto Club members were told in the issue which features the '69 model cars that "most drivers will not

get full value" of seat belts, shoulder harnesses and head rests.

Motor News Associate Editor Len Barnes tells readers in an article titled "Safety, FOB Detroit."

"Remarks of auto executives at new car press previews, plus a poll of auto writers, indicates that most drivers will not get full value."

"This is not to say the three are ineffective - if properly used," Barnes writes. "But if the executives and writers are correct, the public still isn't convinced that some of these safety items are worthwhile and will not take the time to adjust them properly, or even use them at all."

THE 30 WRITERS polled expressed these opinions on the three questioned safety items:

Seat belts - Nineteen like or use them while eleven don't like or use them.

Shoulder harnesses - Five use

them while 24 emphatically don't or won't use them.

Head rests - Three like them while 26 dislike them, and some say they would remove them from their cars.

One New York writer said: "...seat belts and shoulder harnesses are okay for those who drive 70 or 80 miles an hour or drink."

Another writer says he uses his belt and restraint just to be prepared for a drunk driver confronting him.

AN AUTOMOTIVE NEWS writer states he has worn seat belts ever since he interviewed a safety expert and began his story with, "Anybody who has seat belts and doesn't use them is a fool."

"Many writers feel that shoulder harnesses interfere with driving and that few will take the time to adjust them properly," states Barnes. "One can't reach the instrument panel wearing a harness. He's not convinced the shoulder harness wouldn't do a lot of damage in a right-angle collision."

Reasons for dislike of head restraints are many, points out Barnes.

"Few are convinced they will improve safety," he says. "Many deplore their ugliness. Most think the restraints won't be adjusted for drivers and passengers of different heights using the same car."

"Many think head rests block vision to the side and to the rear for drivers and to the front for passengers in back seats."

HERE'S WHAT some top Auto executives say about the now mandatory safety items:

"Fewer than one percent of our 1968 models were sold with head rests, and we pushed them," states Robert Kessler, Buick general manager.

John DeLorean, general

manager, Pontiac, commented for Motor News that he thinks the public understands desirable safety features, but he argues lots of persons are not using them.

"Seat belts, shoulder belts, head restraints, even rear view mirrors, are not being used," commented Roy Hausler, safety engineer, Chrysler. "Sometimes they are taken out of a new car by the buyer."

E.M. Estes, Chevrolet general manager told Motor News: "I honestly feel it is going to be more difficult to get people to wear shoulder harnesses than seat belts, but there is no question that their value is as great or greater than seat belts."

Barnes adds at the end of his story:

"Some safety enthusiasts may decry our running this article, with its negative view. I don't agree. There has been too much blind acceptance of anything Washington orders in the name of safety."

"Auto Club's work on 'Bring 'Em Back Alive!' has convinced me of the value of seat belts. I use them all the time, even on a trip to the corner grocery. Shoulder restraints confuse and frighten me. We need more education. But I am convinced of their value, if they are readjusted and worn. I share misgivings on head rests."

"I am not convinced of the wisdom of the federal government ordering these devices onto cars with no attempt at an educational campaign when it had more than a clue that motorists don't want them."

"I'd rather see some of our tax dollars spent on convincing us drivers to use seat belts than on ordering us to use them and then ordering us to buy shoulder harnesses and head restraints. I think it's a better bargain first to convince drivers on seat belts and then go on to other equipment."

## SAYS EDUCATOR

# Blind Partisan Voting for State Educational Posts a Real Tragedy

LIVONIA -- James F. O'Neil, member of the State Board of Education, said that the blind partisan election of the state educational posts has been a real tragedy and should be corrected immediately.

He stated that in the last three elections, all the educational candidates from the same party have been elected. In 1964, all Democrats, in 1966, all Republicans, and now in 1968, all Democrats.

This is a real tragedy - for neither party has a monopoly on the best candidates in any one election. In addition, he stated that he believes that education, like justice, should be above partisan politics.

O'Neil said it is inconceivable that we would continue the partisan election of these four crucial educational boards in light of the present tragic consequences and the fact that all the other educational boards in Michigan are either elected or appointed on a non-partisan basis.

O'NEIL STATED that many people vote blindly for the state educational posts with little or no awareness of either their existence or their importance. He said that while he would prefer a primary to nominate candidates for the four major educational boards,

he realizes that this is not presently feasible.

Therefore, he has written Governor Romney and the leaders of both parties and recommended that the law be changed to continue the convention nominations but provide for the non-partisan election of these posts - similar to the State Supreme Court Justices.

How blindly people vote for these positions O'Neil said was vividly illustrated in 1964 when Paul Bagwell, who came within 37,000 votes of being elected Governor of Michigan in 1960, lost out in the race for trustee of Michigan State University by over 250,000 votes.

UNDER THE present system, O'Neil said he does not believe that George Romney could be elected to one of these education posts during a presidential election year nor Senator Hart in a non-presidential year. Both are eminently qualified but they would be buried by the blind partisan balloting just as Bagwell was in 1964.

O'Neil has requested the Governor and party leaders to pass legislation to correct this untenable situation in the upcoming legislative session in the interest of providing the best possible educational leadership for Michigan.

## Park Authority Reports October Attendance Up

Three of the four major parks of the Huron-Clinton Metropolitan Authority reported increased attendance during October, 1968 than during the comparable month of last year.

Kenneth L. Hallenbeck, director of the Authority, announced that Kensington Metropolitan Park near Milford had over 147,000 visitors last month compared to 122,000 in October, 1967, but below the record figure of 152,000 reported in October, 1963.

Lower Huron Metropolitan

Park near Belleville had over 116,000 visitors in October this year compared to 101,800 for the same month of 1967, but below the record figure of over 166,400 set in 1963.

Stony Creek Metropolitan Park near Utica had over 65,200 visitors last month, which is an increase over the 54,700 persons coming to the park during October of 1967. The record high for the month was 79,300, which came in 1964, the first year the park opened.

Metropolitan Beach near Mt. Clemens was the only Huron-Clinton park to show a decline in attendance during October with 45,400 coming to the park this year, compared to 56,000 in October of 1967. The highest October figure for Metropolitan Beach is 62,000 persons which came in October of 1964.

## Yule Trees' Transport Needs Bill

Transportation of Christmas trees and evergreen boughs is illegal in Michigan without a bill of sale or proof of property ownership.

But an exception to the law is made during the month of December when not more than two trees may be transported without any bill of sale if they are legally obtained.

Michigan residents planning trips to the north country before the holidays, such as deer hunters, were reminded of provisions of the Christmas tree law by Dean Lovitt, chief of the Plant Industry division, Michigan Department of Agriculture.

Lovitt said necessary legal forms are available from the department office, State Police posts, Conservation offices, county extension offices and county sheriffs.

Emphysema, determined by physicians as one of the most serious diseases of our time, is only outbraked by heart disease as a cause for early retirement disability payments, according to the Social Security Administration.

## Supervisors Seek Check On Welfare

The Wayne County Board of Supervisors has asked Gov. George Romney to appoint a citizens committee to examine the present welfare system in Michigan and make recommendation for its improvement.

A resolution adopted by the county legislative body described the present system of public welfare in Michigan and the United States as "archaic, punitive, and inadequate to meet human needs."

The supervisors stated further that the present welfare system "is undignified for both clients and social service workers and only contributes the continuation of the cycle of dependency."

In addition, the present welfare system "requires the costly maintenance of a huge policing bureaucracy to supervise the distribution of public assistance," the resolution declared.

Wayne County is required by State law to contribute up to \$9.5-million annually to support of welfare recipients. The welfare system is operated by the Michigan State Department of Social Services.

While at home, Frank was visited by his grandparents Mr. and Mrs. J.C. Robinson, Sr., of Bristol, Virginia.
